

4 RESIDENTS ASK BETTER DRAINAGE, HULMEVILLE AREA

Ask That Streets in Vicinity
of Ford, Washington Ave.,
Be Made Passable

VARIETY OF BUSINESS

Constable Morris Informs
He Has No Time To Do
Police Duty

HULMEVILLE, Sept. 14—A group of residents from the vicinity of Ford and Washington avenues attended Hulmeville borough council meeting last evening to inquire what, if any, steps might be taken to care for the drainage problem in that area, so that sections of the two streets in question might be in passable condition for the fall and winter.

Serving as spokesman for the group was Willard F. Bartoe, who after reminding that the condition is becoming progressively worse, with sections of the two streets "all but impassable" last winter, inquired if drainage conditions could be cared for to some extent until Ford avenue is rebuilt.

President Samuel J. Illick, and other members of council, outlined the present status to the four visitors, stating that rebuilding of Ford, Reetz and Lincoln avenues has been delayed from time to time for various reasons. They mentioned that releases have been secured from all but two property owners to date, delays being caused due to improper names or information, or because some of the owners of properties reside at a distance from the borough.

Councilmen stated that although it had been the hope to let bids last July, and complete the rebuilding this fall, legal work is delaying the matter. They added that some definite action will be taken, insofar as possible, in order to keep surface water flowing from that area and assure a passable road-bed. Councilmen plan to visit the site tomorrow evening to ascertain if certain designated culverts and drainage pipes are in good condition, so that such might be cleaned of any debris. The plan then, they said, is to place some fill in Washington avenue, near Ford, to assure residents of passable conditions this winter. "We're trying to help you, and doing all within our power," the quartet was informed.

Hope was expressed by councilmen that, even though 99 days period is required from the time the last release is secured until final passage of the ordinance of acceptance of the streets, possibly before severe weather some pipes can be placed, and three street lights arranged for might be installed on Ford avenue. When the visitors informed council they are willing and ready to aid in any manner possible, councilmen stated that while such co-operation is appreciated, council's hands are "tied" until necessary legal work is completed.

Three members of council expressed desire to attend the September 28th meeting of the Bucks Co. Association of Boroughs to be held at Quakertown.

Secretary Mrs. Edward Black informed that check of \$97.89 has been received for highway aid. No action was taken on request received by mail that Penna. Week be observed, starting Sept. 26th. Report from treasurer, Miss Grace H. Illick, showed a balance of \$4,322.09.

The secretary was advised to write to the Penna. State Highway Department, asking if that department will take over Hulme street, entire length of which is but 380 feet from Main street to Bellevue avenue. She was instructed to inform that department that while

WARREN F. WAGNER

ON THE STAND before the Senate committee in Washington investigating export frauds, Warren F. Wagner (above) of Newark, N. J., testifies that a party named "Mis-tough" made a shipment for his firm of 300 tons of cast iron soil pipe. Concrete, he said, was coated around the pipe to disguise it as concrete pipe, which is not subject to export controls, whereas iron pipe is controlled. (International)

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To
All in The Various
Communities

GLEANED BY SCRIBES

Due to alertness of the Doylestown township emergency police, what might have been a serious fire was averted Friday morning, while a quartet of emergency policemen was making the usual rounds.

As they drove along Furlong road Harold Hager, Elmer Shupe, Frank Adler and William Wrigley, noticed a strange car parked in front of the LaFemme Hosiery Mill. As they proceeded to investigate they found bags, resembling hosiery bags, in the parked car.

Proceeding cautiously the men surrounded the building, suspecting that a possible robbery was taking place. It was extremely foggy, and the men figured it was an ideal night for foul play.

They discovered, however, that there was no robbery taking place; but they also discovered a light in the building, which turned out to be the result of a short circuit, which might have turned into a serious fire.

After they had called the state police, there was still the problem of the parked car. The answer was found soon as a returning owner, when questioned, replied that he had parked his car there while attending a nearby party.

Dr. Lyda May Degener, retired head of the department of education at Wells College, N. Y., and a former professor of physiology and hygiene at that college, died at her home in Ivyland, Friday.

The deceased, who was 58 years of age, was a native of Brooklyn, N. Y., a daughter of the late Frederick L. and Mary (nee Gardner) Degener.

For many years Dr. Degener was

A SUMMARY OF THE NEWS

It was disclosed in Paris, where representatives of the Big Four met to consider the future of Italy's colonies, that the United States and Britain had proposed to the Foreign Ministers' deputies that Cyrenaica be placed under a United Nations trusteeship, with Britain the administering power.

Count Bernadotte charged Israel with having driven out 8,000 Arabs from three villages in Palestine by shelling after the truce began. He ordered that they be returned to their homes and that Israel rebuild the villages.

The United States delegation to the United Nations General Assembly left for Paris on the liner America.

A Russian military tribunal sentenced five young Germans to 25 years in labor camps for their part in the Berlin anti-Communist demonstration last week. Soviet officials were said by a German paper to have fixed a date for Communist rule of the city. They also were reported taking steps against corruption and sabotage in their sector. President Truman discussed the Berlin situation with Secretary Marshall and the Cabinet.

The Vatican completed plans to break the Communist hold on Italian labor.

King George, convening a new

Old-Fashioned Country Fair To Attract Crowd

An old-fashioned country fair will be held on the lawn by Harriman Methodist Church on Thursday and Friday, from six to ten p. m.

Refreshments will include as much as a complete supper, with frankfurters as the meat course, or a la carte choice of home made chicken-noodle-corn soup, cake, corn, candies, pies, etc.

There will be booths for "white elephants", fancy work, novelties; there will also be a "fish pond" where fishermen may cast for prizes. Entertainment will include cartoon films, which will be shown every hour.

In case of rain, the affair will be held in the church basement. The fair, given by the W.S.C.S., will be for benefit of the parsonage.

ALL SET FOR DRIVER TRAINING AT B. H. S.

Dual-Equipped Car Delivered To Bristol School Yesterday

MICHAEL, INSTRUCTOR

Plans are all set for the driver-training program to start at the Bristol high school. Yesterday morning the driver training car was presented to the school at 11 o'clock.

The car, a four-door sedan equipped with AAA dual controls, is being provided by the Weed Chevrolet Company to the school on a loan basis.

The presentation took place at the high school with Henry Weed, of the Weed Chevrolet Co., superintendent of schools, Warren P. Snyder, Lester P. Michael, the school's instructor in driver-training; Robert N. Hoffman, safety director of the Philadelphia AAA Club; William S. H. Barcalow, Jr., AAA district manager; and High School Principal, David Hertzler, among those participating in the ceremony.

The car was assigned to Bristol high school by the American Automobile Association and the Philadelphia Club, the school having met the AAA's standards in driver training. Its teacher, Lester Michael, received special instruction in this subject at Pennsylvania State College this summer.

Bristol high school becomes the third school in Bucks County to begin a course in driver training combining classroom and behind-the-wheel instruction. Other schools offering this course are Bensalem township high and Upper-Merion township-Southampton high.

ACCEPTING DONATIONS

CROYDON, Sept. 14—Mrs. Alfred Jayne announces that her home, Third and Miller avenues, will be the local depot for canned goods, clothing, etc., for the harvest home to be conducted by Wiley Mission Home for the Aged, at Marlton, N. J. The Harvest Home event will be Sept. 19th.

POSTPONE SHOW

The annual talent show scheduled by the Franklin A. C. for this evening and tomorrow evening in St. Mark's hall has been postponed until the evenings of October 12th and 13th. Tickets will be honored at that time.

SEPT. MEETING

TULLYTOWN, Sept. 14—September session of Tullytown Fire Co. is scheduled for this evening at eight o'clock in the fire station.

LIST PARTY PRIZES

The card party to be held Wednesday evening in the K of C home by the Catholic Daughters of America, promises to be a success. A few of the prizes to be awarded are: Two tickets to "Phillies" ball game at Shibe Park, Phila.; woman's handbag; set of glass cooking ware; Man's white madras shirt; copper ash tray; wallets; neckties; nylon hosiery; hand made baby sets; hand crocheted piece. Playing will begin at 8:30.

"FATHERS" TO MEET
"The Coming Football Season and the Prospects of Bristol High School" will be the subjects discussed tomorrow evening at the first fall meeting of Bristol Fathers' Association. Coaches Bloom and McLister, of Bristol high school, will be the speakers. Plans for the coming year will also be formulated. Refreshments will be served. The meeting will be held in the cafeteria of the high school.

IMPORTANT DISCUSSION

A meeting of the Bristol Blood Donors will be held this evening in the Municipal Building at eight o'clock. Important matters are to be discussed.

session of Britain's Parliament, urged a closer union of all Western European nations.

The Economic Co-operation Administration earmarked \$79,000,000 for aid to China and authorized \$47,687,179 for Marshall Plan countries.

Washington rejected a new Soviet note in the Kasenkina-Samara dispute and said it considered the matter closed.

The House Committee on Un-American Activities, preparing to study reports linking two atomic bomb scientists with Russian agents, named "Arthur Adams" as an important Soviet espionage agent on atomic and radar secrets.

The Army announced it would hire its own dockers outside union sources to move Army cargoes tied up by the Pacific Coast strike.

Mrs. Margaret Chase Smith was elected to the United States Senate as early returns indicated a Republican sweep in Maine.

LT. GOV. DANIEL B. STRICKLER DEBUNKS THE NEW DEAL AND THE TRUMAN ADMINISTRATION

(Special to Courier)

BUCKINGHAM, Sept. 14—Confidence was expressed last night by Pennsylvania's Lieutenant Governor, Daniel B. Strickler, that the Republican party will sweep to victory in November and that the New Deal and all its bungling will be on the way out. The distinguished Pennsylvania soldier who holds the rank of brigadier general, was the guest speaker at the September meeting of the Loyal Republican Club of Bucks County. He was introduced by State Senator Edward B. Watson as one of Pennsylvania's finest soldiers and statesmen.

A Lancaster Countyman, Lt. Gov. Strickler said: "I speak the same language as you do here in Bucks County." He debunked the New Deal, giving a complete resume of the shortcomings of the Truman administration and asked for a united vote on the part of every Republican to assure victory in November.

"I like the name of the Loyal Republican Club," he said. "We do not have too many loyal organizations of this kind in the United States. Loyalty is being true to the people who deserve fidelity."

"Because of this staunch loyalty, the Republican party has been maintained at a high level throughout the bungling years of the New Deal. It is true that a lot of folks threw up the sponge and put their trust in the New Deal. They were not the loyal group to which I have referred. All of them now see the folly of their change."

"The New Deal in taking over immediately became a paternalistic government, a money spending party that evaluated the gold dollar in the United States at 41%. Pigs were killed and buried—anything to make things scarce and the New Deal is still doing the same kind of things. Acres and acres of potatoes are being destroyed right now."

"The New Deal has been a 'give-party' all along. It is a fine thing that the Republican party has stood its ground and said no to this new system of government. The Republican party still stands for a solid program and the American way of life."

Lt. Gov. Strickler gave a brief resume of what the Republicans started in 1946 and related the very fine accomplishments of the 80th Congress.

"We started united action against

JUDGE BOYER HANDS DOWN THREE DIVORCES

Five of The Six Involved
Are Residents of Bucks
County

ONE IS A CROYDONITE

DOYLESTOWN, Sept. 14—Three divorces were handed down in the Court of Common Pleas by Judge Calvin S. Boyer, the libellants in each case being the woman.

Married on September 26, 1943, Eleanor May Snow and Roy Grant Snow separated on May 26, 1945. They were married in Trenton, N. J. The libellant, Mrs. Snow, who is 28, resides on Delmorre ave., Morrisville. The respondent, who is 23 years old, is also a Bucks county resident. The couple has one child.

Frida W. Johnson, 37, Oakford, was given a divorce from Raymond K. Johnson, 44, whose last known residence was in Middletown township. They were married in Philadelphia on August 21, 1939, and are the parents of two children. They separated on April 19, 1947.

The libellant, Bernice Marie Sylvester, of Croydon, was granted a divorce from Frederick Sylvester, Philadelphia, whom she married in Philadelphia on June 25, 1938. The libellant is 28; and the respondent is 32. Separated on November 14, 1947, the couple has two children.

Michael Nicari Hard At Work At Fort Bragg

Michael Nicari of Bristol, Penna., is hard at work taking basic training at the Special Training Unit at Fort Bragg, North Carolina.

The Special Training Unit, commanded by Brigadier General Homer W. Kiefer, is a new unit set up to give army recruits an eight-weeks basic course. Hand-picked men, most of whom are combat veterans from the 82nd Airborne Division, are instructing the men.

Personal hygiene, care of clothing, military courtesy and discipline are among the first things taught the recruits. Defense against chemical attack, citizenship, map reading, marches, physical training, instruction in and firing of weapons and combat fighting will be given the men during their training.

Michael is the son of Mr. and Mrs. Bartolo Licari who reside at 832 Jefferson avenue. He entered the Army on July 28, 1948.

LIST PARTY PRIZES

WILL NOT DISPOSE OF ELECTRICITY PLANT

Perkasie Borough Council
States That Such Plant
Is Not for Sale

TO BUILD SIDEWALKS

PERKASIE, Sept. 14—When Perkasie borough council held a meeting last week it made known that it does not plan to dispose of the town's electric light plant, which was abandoned some months ago, when the town began buying its electric current.

This was brought out when secretary Phares Bader informed council he had received two queries concerning the sale of the plant.

Mr. Bader also informed council that the firm which conducted the sale of the equipment at the plant has made settlement, and that the proceeds of the sale amounted to \$14,848. Council instructed Mr. Bader, to forward bills to firms which purchased equipment, but which as yet have not removed it.

Making of repairs to a number of streets came in for a share of discussion. Council decided to improve a 700-foot stretch of Summit avenue in the Third ward. This section of the thoroughfare will be filled with four inches of ballast and two inches of top dressing, after which it will be oiled.

Councilman Stanley Reichley, of the third ward, announced he had contacted county superintendent of highways, James Worthington concerning the making of improvements to Walnut and Main streets, which come under the jurisdiction of the State Highway Department.

He asked also that the gutters along Walnut street be cleaned. Mr. Reichley was quoted as saying that Mr. Worthington had agreed to see that the work is done.

Paul Mood, who resigned as a member of council because of moving from the town and who was chairman of the electric light committee, was succeeded to the chairmanship of this committee by Frederick Wheeler.

The electric light committee informed Council that repairs will be made to the transformers at the local sub-station and that while repairs are being made there will be no electric service for several hours.

Council instructed Secretary Bader to notify property owners on the east side of Seventh street between Spruce street and Park avenue, to construct sidewalks.

Councilman Reichley, of the playground committee, reported that since the recently reconstructed wading pool has been put into operation there has not been enough water at the playgrounds. To remedy this, it was said, the water company will have to place a larger main from Second to Third street, and that the borough will have to lay 350 feet of pipe on the playgrounds.

Street Commissioner Raymond Hager was authorized to employ another man on the Highway department.

FILMS AT EDGELY

EDGELY, Sept. 14—The first meeting of East Bristol Township Parent-Teacher Association for the term will be held this evening in Edgely school, at eight o'clock. A "movie" entitled "Wings Over Latin America" will be shown through courtesy of Philadelphia Electric Co. New members are invited to attend.

Risks Life As She Leads Horse From Burning Barn

OTTSTVILLE, Sept. 14—Miss Dolores Grancher, 18, risked her life a few nights ago to lead a horse to safety after lightning struck a barn on her father's farm, razing it.

She ran to the burning building and through flames led the horse to a safe place.

It was while the members of the family of Eugene Grancher, who reside on Creamery road, a short distance west of this village, were at supper the bolt struck the barn of frame and stone construction. Apparently the bolt struck the middle of the barn because it burst into flames immediately.

Miss Tess Hensler, who has 16 dog kennels on the property, notified Ottsville Fire Company, which responded to the alarm immediately. A call was also sent for the Plumsteadville Fire Company.

Work on the Friends School is progressing well. The building committee is headed by George E. Otto.

WORK ON THE FRIENDS SCHOOL IS PROGRESSING

Opening Date Set For Sept.
20th; Open House Is
Being Planned

PLAN FACULTY SESSION

NEWTOWN, Sept. 14—Work on building and grounds of Newtown Friends School is progressing well. It is announced, as school opening date, September 20th, advances.

The building committee is headed by George E. Otto.

An open house for members of Newtown Friends' Meeting, which is sponsoring the school, has been set for Friday next, from seven to nine in the evening. On Saturday from three to five, parents, children and friends of the school will have the opportunity of inspecting it.

At its meeting Tuesday night the school committee voiced its appreciation of the cost-and-below supplying of materials for the building by dealers, who have through this contribution made the school possible.

Meetings of the faculty of six are being held to plan the school program. These are: Principal, Mrs. Norman W. Swayne; fifth and

COUNCIL HAS BUSY SESSION DISCUSSING THE NUMEROUS PROBLEMS OF THE BOROUGH

Votes to Leave Traffic Regulation As It Is on Washington Street — Names New Third Ward Member — Refers Building Permit Applications to New Zoning Commission — Hears Committee Reports.

Naming of a new councilman, referring applications for all building permits to the zoning commission, report of water committee, refusal to change the traffic regulations on Washington street, discussion of the canal situation, and numerous other matters occupied the attention of Borough Council last evening.

During the discussion of the traffic regulations on Washington street it was brought out that two committees of council are apparently overlapping in their jurisdiction and cannot agree.

After the routine police report had been received, Councilman Aita, second ward, gave a verbal supplementary report in which he stated that he had received a petition with about 40 names affixed, complaining that there is not adequate parking facilities on Washington street with parking being permitted on one side of the street only and two-way traffic. The petitioners asked that parking be permitted on both sides of the street and that traffic be one-way only. The petitioners are residents of the 300 block on the street.

NATIONAL AIR MUSEUM

In the Smithsonian Museum in Washington there is a collection of 30 old and new airplanes, several hundred scale models, and odd bits of aviation equipment. Two million persons see the exhibit annually.

They gaze at Lindbergh's Spirit of St. Louis, the Navy's NC-4 that was the first plane to cross the Atlantic, and they will soon be able to see the Wright brothers' Kitty Hawk plane upon its return from England.

Yet there is not room enough in the Smithsonian or any other present museum to exhibit all the important types of aircraft made during the past 45 years, or that will be made in years to come. Back in 1946, therefore, Congress authorized the National Air Museum as an adjunct to the Smithsonian. So far there are only a curator, a small staff, and a storage warehouse.

In five years, perhaps, the building will be built. Congress will soon be asked to pay for plans.

Meanwhile the warehouse is filling up with donations from planemakers, airlines, universities, the Air Force and the Navy.

Many citizens are making a mental note that on tours of Washington in years to come they will not miss the National Air Museum.

KNIGHTS IS THE WORD

Perhaps the housewives of the nation should drop a figurative curtsy to the Knights of the Road—formerly the Hoboes of America—who propose that Congress authorize a half-cent coin. Such an innovation might help relieve the current strain on family budgets.

But the fear must be expressed that this is already a lost cause. It may be, as King-Empress Jeff Davis contends, that there is a growing tendency to price things by the half-cent. With the dollar what it is today there is less reason than formerly for splitting it up into smaller fractions. It is doubtful that there is widespread demand for a half-cent.

It is said somewhat reluctantly because the Knights of the Road have shown true knightly spirit in sponsoring this idea. If they had wished to put their own interest first, they would have joined the ranks of the advocates of the seven-cent nickel, who point out that a nickel no longer does what it is meant to do.

Council Has Busy Session Discussing Many Problems

Continued from Page One
to judge, indicates that the meters installed on Radcliffe street between Market and Mulberry streets are proving to be a help in solving the parking problem. A few minor complaints have been received but this is to be expected of any project.

Mr. L. Joyce, acting borough engineer, has made a survey of Inlet street and also the crossing at Prospect and Washington streets, and extensive repairs will be started in the near future.

The patching and cleaning program is still in progress and will be continued.

Councilman Myers, chairman of health and sanitation committee, informed council that several projects of his committee have been completed and that the pipe along Canal street, for closing the ditch along Canal street.

Council was advised by Louis C. Spring that he had just received at five o'clock a deed for a strip of land extending into the parking lot in the rear of Mill street from William Rump and Mrs. Nellie Hodek, which gives without cost to the borough the strip of land. "This will now permit us to go ahead and improve the parking lot without any danger of having to do over any permanent improvement which previously might have been done," stated Mr. Spring.

Members of the Zoning Commission occupied seats in the council chamber and were introduced by Councilman Eagan. President of Council Charles G. Rathke informed the commission that it would have the fullest co-operation, and if at any time the members desired to address council they were to feel free to do so.

President Rathke, who has been serving as chairman of the water committee, told of a request from a group of boating enthusiasts, who had requested the privilege of docking their boats along the river frontage of the property of the water department at Edgely. The request was approved.

President Rathke, continuing to report as acting chairman of the water committee, informed council there were no auxiliary pumps at either the Edgely or the Bath Road plants of the water department. "These pumps work continuously and if there should be a break-down we would be without water."

Council voted to install auxiliary pumps at both stations.

Mr. Rathke also reported that the water committee had decided to make Ezra Price as an assistant to Livingston Joyce who is now acting as borough engineer. Price will read meters, make taps, supervise repair work and make tests of the water so as to relieve Mr. Joyce of these details. Price has been an employee of the water department for many years and he will be instructed by Joyce in his new work. Payment to the Delaware River Realty Company of \$2,496.10 due under an agreement for extension of water mains into the property of the Company was authorized.

Dennis Roche, fourth ward councilman, was named chairman of the water committee.

Councilman Roche told council he had read in the papers of the work to be done on the canal between New Hope and Point Pleasant and that he thought some of the money should be spent on the canal in this area. "We are just as important as the artists," said Roche. He said that a few days ago the water was three feet below level in the Bristol area.

Councilman I. J. Hetherington joined with Mr. Roche in complaint about the state's neglect of the canal. He said that he had a number of photographs taken recently which show the condition of the waterway. These photographs are to be sent to State Senator Edward B. Watson and to the Department of Forests and Waters.

Request to place a sign in front of the property of Doria Cafe, Pond and Washington streets, was referred to street and highway committee with power to act.

Councilman Myers, placed in nomination the name of William Wallace as councilman from the third ward to fill the unexpired term of the late Harold R. Mitchell. The nomination was approved.

Receipts from the amusement tax since May 15th were reported as \$6000.49.

Permission was given to the Auxiliary of the Tercon Post to rope off a section of Franklin street for a street fair.

An ordinance was passed establishing a standard code signal as a fire call from a vessel afloat in the river or at dock. It will be five prolonged blasts, each blast being from 100 to 150 feet.

four to six seconds' duration, repeated as often as necessary.

There was a letter from the Bristol Chamber of Commerce complaining about the delay in the improvement of the Mill street parking lot. It was suggested that the letter be answered citing the report made to council by Mr. Spring earlier during the evening.

Councilman Smoyer told council he had attended a meeting of the Fathers' Association and that he had season tickets for sale for high school football games.

Report of the police committee showed: the following arrests: Assault and battery, one; assault and battery and surety of peace, one; disorderly conduct, 14; desertion and non-support, one; larceny and receiving stolen goods, two; non-support, one; operating an automobile while intoxicated, one. Total 21.

Held for court, six; fined, nine; discharged, six; lodgers sheltered, 161; street lights out, nine; radio alarms, 29; police car driven 4647 miles, fined for parking violations, 159; meter collections, 1971.56; cats destroyed, five; dogs destroyed, six; lost bicycles found, two; notices delivered to councilmen, 55; notices delivered to property owners to repair pavements, 23; warnings to juveniles about bicycle riding, eight; horses shot, one; aid to ill person, two; lost child returned to parents, one; escorts, 39; escorts funeral, four; auto accident with damage to property only, eight; parking violation summonses issued, two; vehicle not inspected, one.

It was voted to notify the civil service commission of a vacancy in the police department and two vacancies in the fire department.

4 Residents Ask Better Drainage, Hulmeville Area

Continued from Page One
practically all state traffic through the borough uses that thoroughfare, the borough has responsibility of upkeep of same.

Two verbal complaints, one regarding condition of cesspool and another relative to shooting of rifles in the borough were received through individual councilmen. No action was taken, councilmen expressing belief that any such complaints should be signed or given by the complainant in person at council meetings.

Councilman Ned Moyer, in reminding that the matter of alleged failure of Constable Orville Morris to carry out certain duties had been brought up at last meeting, with no action taken, asked what was to be done in the matter. Constable Morris, who was present, stated that during the past month he had shot two dogs and served four warrants. "I fulfill my job as constable in the borough, but I can't do police duty because of lack of time." He informed that he feels it impractical and impossible to give up his present position in order to do police duty at the school and other places where needed in the daytime. Council, during the meeting, contacted Fred Duncley, Pennell, who had recently given a few hours to such duty. Council decided to endeavor, this week, to secure one or two local men to give a few hours at strategic periods to patrolling in an effort to break up speeding within the borough.

Bills ordered paid included: Philadelphia Electric Co., \$81.25; Ferdinand Reetz, rubbish and garbage collection, \$10; Marvin Maltha, care of Memorial Park, \$20; Sylvester & Keating, insurance on plate glass in memorial plaque, \$10.

Councilmen present were: President Samuel J. Bilek, Ned Moyer, George Hilger, Fred Duncley, Harry Beck, and Edward Vansant.

engaged in medical research at Cornell University, from which she received her doctor of philosophy degree. She was a fellow at Wistar Institute of Anatomy, Phila., and Johns Hopkins University, Baltimore, Md. In connection with her medical research Dr. Degener wrote a large number of articles for medical publication.

Receipts from the amusement tax since May 15th were reported as \$6000.49.

Permission was given to the Auxiliary of the Tercon Post to rope off a section of Franklin street for a street fair.

An ordinance was passed establishing a standard code signal as a fire call from a vessel afloat in the river or at dock. It will be five prolonged blasts, each blast being from 100 to 150 feet.

NOTICE OF APPLICATION FOR CHARTER
Notice is hereby given that articles of incorporation will be filed with the Department of State of the Commonwealth of Pennsylvania at Harrisburg on the 15th day of September, 1948 for the purpose of obtaining a Certificate of Incorporation of a proposed business corporation to be organized under the Business Corporation Law of the Commonwealth of Pennsylvania approved May 6th, 1933. The name of the proposed corporation is Jericho Valley Community Associates, Inc.
The purpose or purposes of the corporation are: To improve, manage and operate real property, the building, construction and alteration of houses and other structures thereon, and the development of real property generally, the buying, selling and exchanging of real property, the renting and leasing of real property improved and unimproved, to make mortgages of real property and borrowing money thereon by mortgage or otherwise, the lending of money on real property and taking of mortgages and assignment of mortgages of the same and to do each and everything necessary or proper for the accomplishment of these purposes, the purchasing, manufacturing, acquiring, holding, owning, mortgaging, pledging, leasing, selling, conveying and transferring, investing in, trading in and dealing in goods, wares, merchandise and property of every kind and description, and the carrying on of any of the above businesses or any other business connected therewith, wherever the same may be permitted by law, either manufacturing or otherwise, and to the full extent as the laws of this state will permit, and as full and with all the powers that the laws of this state confer upon corporations and organizations under said act, and to do any and all of the businesses above mentioned and set forth to the entire extent as natural persons might or could do.

HOPEWELL—Suddenly,

Summer In Sweden Much Enjoyed By Family of Four

DOYLESTOWN, Sept. 14 — A Doylestown family is home again after a summer's sojourn in Sweden. The travelers are Mr. and Mrs. F. C. Sandemar and children, Carol and Carl.

The four crossed to this country aboard the "Gripsholm". Leaving here the day after their daughter, Carol, 18, who is a freshman at Larson Junior College, New Haven, Conn., graduated from Doylestown high school, Mr. and Mrs. Sandemar, returned to the former's native land to visit his parents, Mr. and Mrs. A. Peterson, of Stockholm.

There they found Mrs. Peterson in poor health; and a week after they had sailed for home they received the news of her death. They spent the summer in Stockholm and also visited Uppsala and Geve, Mr. Sandemar's birthplace.

The Sandemars found that food rationing was still necessary in Sweden, although that was the only noticeable result of the war.

In a Personal Way

INTERESTING items of news mainly about people you know. A chronicle of the activities of the people of Bristol; their goings and comings.

To arrange for publication of wedding notices, telephone The Bristol Courier, Bristol 346, notifying at least a few days in advance the date of ceremony.

Engagement announcements must be submitted in writing.

Edward J. Townsend, son of Mr. and Mrs. L. B. Townsend, Mansion street, is a student at Lock Haven State Teachers' College, where he will major in science.

Mr. and Mrs. Joseph La Rosa and son Joseph, Jr., Jefferson avenue, have returned from a vacation spent with Mr. La Rosa's relatives at Youngstown, O.

Today's Quiet Moment

By the Rev. William F. Hakes
Pastor
First Baptist Church of Bristol

Prayer is the greatest power that the Christian possesses. Prayer is a cannon set at the gates of heaven to burst open its gates. Nothing lies beyond the power of prayer except that which is outside the will of God. Intercessory prayer may best be described as loving our neighbors on our knees. Men ought always to pray and not faint. Pray without ceasing. Pray everywhere. Pray for everyone and everything, but do it all in Jesus' name.

Radeliffe street, on Wednesday evening. Each member is asked to bring a covered-dish of food of their own choosing.

Miss Louise Miller, Upper Darby, was a Saturday overnight guest of Miss Rhoda Saxton, Taft street.

James Cook and sons, Charles and James, and daughter, Miss Joan Cook, of Wilkesburg, were guests from Wednesday until Sunday of Mr. and Mrs. William Bell, Wood street. On Saturday, Mrs. Bell and sons, George and Marvin, and their guests and William Hendrickson, Garden street, spent the day at Seaside, N. J.

Mr. and Mrs. Francis LeBerts and daughter Barbara, Radeliffe street, spent the week-end at Ocean City, N. J.

Mrs. Donald Worrell, Harrison street, and Mrs. Delbert Wade, Newportville, entertained on Sunday in honor of their parents, Mr. and Mrs. C. Melvin Johnson, Newportville, who were celebrating their 23rd wedding anniversary, and Sue Ellen, daughter of Mr. and Mrs. Wade, who was observing her first birthday anniversary. A barbecue was held on the lawn. Guests present included: Mrs. Johnson's mother, Mrs. J. W. Boughner, of Pardeeville, Wis.; Carmie and Opal Jenkins, Newportville; Donald Worrell, Newportville.

GOODWILL WINS OPENING GAME BY SCORE OF 18-0

Goodwill Hose opened its 1948 gridiron season with an 18-0 victory over the Elm A. C. of Philadelphia, last night under the arc lights on the Bristol high school field.

The firemen took advantage of fumbles and bad kicks to chalk up the three touchdowns. The only sustained drive of the game was on Goodwill's third touchdown which was good for a total of 33 yards.

Two of the touchdowns were made by Joe Elmer and Tommy Holden were smashes from the two-yard line while Joe Singer made the best scoring play when he went off tackles for a 12-yard touchdown in the final session.

The visitors could do little with the defense of the home team. Until the final minute of the game, the Elm team did not register a first down. A long aerial, Correll to Bud McGoldrick, gave the invaders their first down and placed the ball on the Goodwill 45 only to have "Jim" Mulhern intercept the next pass.

Elm was stricken with an attack of fumbleitis from the start. Almost the entire first half the visitors lost the ball on fumbles and when they weren't fumbling, their kicks were poor to put them in a hole.

Defensively, the Goodwill line was solid. Elm had a heavier wall of defense, causing the Goodwill signal-caller to send the plays around the ends. "Al" Iannucci played a fine game at tackle for the winners, breaking up many plays and leaping high in the air to catch a bounding punt to put Goodwill in a position to make its second touchdown.

The closest Elm got to the Goodwill goal line was in the third quarter when "Bernie" Stiles fumbled on a line play. The ball went into the air and was grabbed by Jerry Alekna who ran from midfield to the Goodwill 34 before being spilled from behind.

Joe Elmer booted the opening kickoff to McGoldrick who was stopped at the 36. McGoldrick made four yards but Haughton was stopped in his tracks by Gross and Iannucci. After a fumble, Rogers kicked to Trapp on the Goodwill 38. After Holden picked up a yard, Bob Trapp broke loose off tackle for a first down on Elm's 45. Brady netted two more yards and after another first down, a 15 yard penalty put the ball at mid-field. Two plays failed and Luke Wade punted to Rogers on the 15. Rogers could not hold the ball and Singer recovered for Goodwill. Singer gained two yards and a completed pass did not gain. Elmer on a reverse made five yards but Goodwill lost the ball. On the first play, Elm fumbled and Iannucci recovered on the 10 for Goodwill. After Brady clipped off six yards at tackle, Holden smashed through the line for a touchdown. On the try for the extra point, the holder fumbled. Elmer picked the ball off the ground but failed to make the yardage. Following the kickoff Hocker fumbled for Elm and two freezers leaped on the ball to get possession on the Elm 25.

Trapp tried the line twice to start the second quarter and netted three yards. George Hadjuek made five more but Bob Dapp missed a first down by a foot. Garrish, Correll, and Rogers did not make anything so Rogers went back to kick. His boot was poor and was downed by Iannucci on his 20. Hadjuek was thrown for a 16-yard loss. Both Elmer and Trapp failed to gain and on the fourth down, Wade kicked into the end zone. Attempting to kick out of danger, Rogers' pass from center was poor and his kick went back to the eight-yard line where Al Iannucci and Wade recovered. Trapp clipped off three yards and on the third down, Elmer sneaked through center for a touchdown to make the score 12-0. Elmer's pass for the extra point was wide of its mark. An exchange of punts finished the half.

The third period was Elm's best. McGoldrick kicked to Dapp who ran to the 30. On the first place, Haughton intercepted a pass at the 50. After Rogers lost 10 yards on an attempted end run, he rifled an aerial to Heaven to make up the yardage. On the fourth down, Elm chose to throw another pass which was incomplete, giving Goodwill the ball on their 45. Alekna caught Stiles' fumble and ran to the 34. McGoldrick hit center for 4 yards. But a penalty set back the visitors 5 yards. Rogers picked up 5 yards on a reverse. Failing to throw his pass, Rogers lost the ball on the 30 yard line. Wade kicked to Elm's 15 where Iannucci and Monachello nailed Taylor before he could get running. Shortly after this Elm booted, giving Goodwill the ball. On a beautiful piece of broken field running, Joe Elmer ran 55 yards to score but the play was recalled because Goodwill's backfield was in motion. Wade then kicked poorly to midfield.

Garrish fumbled, starting the final canto and Stiles recovered on the Goodwill 40. Singer and Stiles collaborated for a first down on Elm's 40. Dapp crashed the line for six yards and Singer made it a first on the 31. A Goodwill fumble was recovered by Dunleavy on the Elm 22. Line plays failed and McGoldrick kicked to his 33. Hadjuek bucked the line for 4 yards and on a reverse, Elmer made it a first down on the 18. Singer picked up 6 more around the other end and on

a trick play, Singer practically walked the remaining 12 yards for the third and final touchdown. Elmer's try for the extra point, a place-kick, was blocked. Passes by Elm and line plays when Goodwill had the ball took up the remaining minutes of the contest.

Between halves and before the starting of the contest, the Cadet Corps, of the Terchon Post, Veterans of Foreign Wars, entertained the spectators.

Goodwill Hose plays at Shamokin on Sunday. Coach Joe Roe has called practice for tomorrow, Thursday and Friday evenings.

Elm A. C. 0 0 0 0—0

Goodwill Hose scoring: Touchdowns—J. Singer, Elmer, Holden. Officials: Referee, Morgan, Bloom, umpire, Diamanti, Muhlenburg, head linesman, Bauroth, Colgate. Time of periods: 15 minutes.

AUTO BOYS UPSETS PRESBYTERIAN TEAM

Fighting gamely from the start of the ball game, Auto Boys scored an upset by defeating the Bristol Presbyterian Church team in a rousing 9 to 3 victory. Auto Boys scored one in the first and three more in the second to take the lead, and remained in the front for the entire game. In winning, Harold Peltz, Auto Boys' star third baseman, stood out, with four hits, Jack Walker and Harvey Cochran contributed to the win with two hits each. Sam Kershaw and Joe Antonelli did the pitching for the victors with the former receiving the credit for the game. In beating Presbyterian the Auto Boys knocked over their ace pitcher, Johnny Jones. Jones has done a lot of pitching for Auto Boys also this season and is rated as the best softball pitcher in the Bristol area. The game last evening was one of the first round games in the softball championship tournament being conducted to determine the champion of Bristol.

Tonight Auto Boys engage the Jefferson A. C. at Memorial Park field in a second-round match.

JEFFERSON A. C. WINS OVER FLEETWINGS

Jefferson A. C., champions of the Twilight Softball League, last night won over Fleetwings of the Industrial League with a winning score of 5-4. In winning this game, the Jeffersonians will have to oppose Auto Boys tomorrow night in a twilight game.

The outstanding players on the winning team were T. Ruggieri, A. Palumbo, Bert Barbetta and T. Cauti, all driving in runs to make the game a victory. Pica and Sassi both smashed in home runs for the Fleetwing team.

John Ferraro made his first pitching appearance, which proved to be very successful. Smith was losing pitcher for Fleetwings.

Game 8: Winners of game 6 vs. Leedom's on Memorial Park field.
Game 9: Losers games 4 and 5 on Memorial Park field.

Lt. Gov. D. B. Strickler Debunks the New Deal

Continued from Page One

The New Deal in 1946," he said. "Three of the main accomplishments were the cutting down of government expense, saving labor, and exposing the menace of the Communist party in its connection with the New Deal and the Democratic party."

"Yes, the 80th Congress has done wonders. It has put a check on New Dealism. They cut the budget \$1,500,000,000 and in turn made it possible to establish a surplus of \$8,500,000,000."

"But, in spite of these efforts of economy on the part of the Republicans, the New Deal recently placed more people on the American payroll in one month than they did in two previous years."

The speaker paid a tribute to Congressman Franklin H. Lichtenwalter of the Bucks-Lehigh District and to the people of the district for electing him.

"Congressman Lichtenwalter had the courage of his convictions on an issue that brought this district national fame," the speaker said.

"I have faith in labor, the rank and file laboring man who is going to say okay to the Taft-Hartley law and vote the Republican ticket in November. I have not the least bit of doubt about that."

As to Communism, the Lieutenant Governor said that in his opinion Communism got such a headway under the New Deal that it was decided to drop that party and go it alone under the leadership of Henry Wallace. "But I hope and pray that the United States is still a two-party country," the Lieutenant Governor said. "Let's prevent this third party growth by gaining an overwhelming Republican victory in November."

"We cannot just ask our friends to vote Republican. We must go out and impress all the young voters who are going to the polls for the first time this year to vote for a president."

"There are ten million young people eligible to vote for the first time, if all have registered. Most

of them have only heard of one type of president. Let's get them thinking Republican."

"This election calls for a return to the spirit of loyalty on the part of all Republicans. What a mess Dewey and Warren will inherit with a Republican victory! They will need your continued loyalty after their victory in November."

The meeting was presided over by Harris Holmes, of Doylestown, who introduced Mrs. Ralph R. Dunn, president of the Ladies' Auxiliary, who asked for an increased membership of the ladies, and County Chairman A. Harry Clayton, of Doylestown. Mr. Clayton announced that the annual meeting of the Republican County Committee will be held in the Doylestown Armory Saturday afternoon, September 25th, at 1:15, followed by a public meeting at 2:15. Mr. Clayton said that the speakers for this meeting will be U. S. Senator Edward Martin, Mrs. Sara G. Leffer, vice-chairman of the Republican State Committee; Hon. Charles R. Barber, candidate for State Treasurer; Hon. Weldon B. Heyburn, candidate for Auditor General and Congressman Franklin H. Lichtenwalter.

State Senator Watson introduced State Representative Wilson Yeakel, Ferkasie, and Marvin Keller, Newtown, candidates for election in November.

Former U. S. Senator Joseph R. Grundy, of Bristol, introduced Miss Sara Ann Stauffer, of Lancaster County, who appealed to the young folks to take an active interest in the Council of Republican Women.

"The young people today are virtually lost politically and are simply waiting to be asked to vote Republican in November," Miss Stauffer said. "Let's make it a point to enlighten all the young folks who have never known what it means to live under a national Republican regime."

MARRIAGE LICENSES
Albert Hubner, Jr., Lansdale, and Virginia Kathryn Steiny, Blooming Glen.

Harvey Leo Buchanan, Jr., Lambertville, N. J., and Miriam Gladys Bates, New Hope.

Joseph Donald Burns, and Joan Adela Brown, both of Newtown.

Work On The Friends School Is Progressing

Continued from Page One

sixth grades, Mrs. Frances S. Muskat; third and fourth, Mrs. Stephenson W. Fletcher, first and second, Mrs. D. Watson Atkinson; kinder, garten, Miss Margaret Phillips; music, Mrs. Granville Kirby. Part-time assistance of George School soccer coaches is being arranged.

Books already on hand, and desks, chairs, tables, and other supplies are present or en route.

Playground equipment is expected this week: jungle gym, saws, glider, slide, giant stride, swings, rings, and trapeze bars.

Grading of the two athletic fields, the lawn surrounding the building, and the parking space has been accomplished and grass has been planted. Some shrubs and small trees have been placed and others are on their way.

Transportation of students will be by Neibauer bus from Bristol to

Newtown, Reading bus from Fox Chase to Newtown, or car-pools. Kindergarten pupils will be cared for at the school during the afternoon, if parents wish to pick them up with older brothers and sisters after school.

Limited vacancies exist in some grades.

"School Zone" Signs Are Now Strategic Signposts

"School Zone" signs, disregarded during the vacation period, once again have become strategic signposts on the road to child safety now that millions of pupils are now marching back to classrooms throughout the land.

Stressing the importance of motorists' observance of these lifesaving signs, Edward P. Curran, Safety Director of Keystone Automobile Club, warns that avoidance of accidents requires diligence and patience.

"The motorist must compensate in his own sense of responsibility," Curran declared, "for the excusable

and wholly understandable irresponsibility of childhood. He should not assume that a child is going to act with adult discretion in any given situation. It is his job as a driver to make all due allowances for child behavior, with an extra margin of safety for his own peace of mind."

Parents also must share responsibility for their children's safety. Curran pointed out.

"It is well for fathers and mothers to understand this," he said. "By setting a good example in crossing streets properly and instructing their children in necessity for care and caution, they can help immeasurably in reducing the tragic toll of child accidents."

The safety director also appealed directly to the children.

"Another Golden Rule to follow when walking to and from school and while playing after classes is 'Always alert . . . never hurt.' Keystone's Safety Squad knows that it works perfectly. Won't you adopt it, for a safer and happier school year?"
